Inspired by the importance of his own grandmother's guidance, Mike Matthews created the "Grandma Stand" as a place where anyone can find emotional comfort through conversations with an impartial grandma. This show offers viewers the opportunity to witness 20 diverse individuals ranging in age from 10 to 81 candidly and vulnerably share their feelings with a grandmother. The show reveals how a brief encounter with someone can have a profound impact. These relatable discussions offer viewers valuable insights into their own lives, as well.

**"WAAL RIVER CROSSING: 1944" \*PREMIERE\*** During World War II, the paratroopers of the 82nd Airborne Division were given a suicide mission: to cross one of Europe's largest and fastest-flowing rivers in broad daylight under the watchful eye of their German adversaries. They were outmanned and outgunned, but they were able to complete their mission and wrestle two bridges away from German troops in Holland. The story is told in intimate detail through archival footage and interviews that celebrate the soldiers' bravery. Narrated by Paul Giamatti.
